About Me

Soon to be graduating from Fanshawe's Interactive Media & Design program, I've been passionate about web development from a young age. I am a critical thinker who is always driven to learn more - because I believe that learning is a lifelong process. I enjoy listening to music, problem solving, and bringing visions to life - from conception to creation.

Objective

To obtain a full time position that will gift me the opportunity to expand my skillset, hone my talents and be part of an amazing team.
